

## **Frank Fiss**

Frank Fiss has served as Tennessee Wildlife Resources Agency's Chief of Fisheries since 2015. He joined TWRA as a stream and river biologist twenty-five years ago and has since worked on a wide variety of sport and commercial fisheries issues. In recent years he has had to dedicate most of his time to invasive carp control efforts. He currently serves on the Executive Board of the Mississippi Interstate Cooperative Resource Association (MICRA), MICRA's Asian Carp Advisory Committee, and the Tennessee Asian Carp Advisory Commission.
